FEATURES AND BENEFITS:

The meltability of Process Cheese is unmatched by any other cheese product. Our cheese **melts smoothly and evenly** every time.

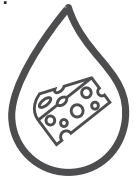

Process Cheeses are extremely stable, meaning far **longer shelf-life** and **storage flexibility**.

Ensures **easy machinability** for slicing, shredding, dicing and pumping.

Process Cheeses provide **consistent flavor**.

Available Flavor Profiles:

American, Cheddasharp, Old English, Swiss, and Mexican Style/Monterey Jack

NEW! **HIGH-FLAVORED CHEESE SPREAD** A low-cost, high flavor, cleaner label option for manufacturers

SKU	Description	Case Weight
210000721000	Cheddar Cheese Spread, NCS*	45 lb
210000768200	Cheddar Cheese Spread, Uncolored	20 lb

BENEFITS

Delivers **cost savings** via in-line efficiencies by replacing most spread/club combos

Addresses growing trend of “no no” ingredients: emulsification system with **no phosphates** & **naturally-sourced added colors**

Product is **refrigerated** vs. spread/club combo containing club cheese, which is frozen

Complies with the CFR for pasteurized process cheese spread (133.179)

Uses Kraft Heinz proprietary cheese blends to optimize and deliver **high-impact cheddar** flavor notes
